Getting Solar OFF The Land Exhibition 2pm - 8pm, Thursday 20th November 2025

Dereham Memorial Hall, 62A Norwich St, Dereham NR19 1AD

(Free entry - everyone welcome)

Dear Members of Shelton & Hardwick Parish Council

We're delighted to invite you to the **Getting Solar OFF The Land Exhibition**, a public event exploring the growing scale of industrial solar development across Norfolk - and the smarter, fairer alternatives for achieving Net Zero.

Across our county, tens of thousands of acres of farmland are now being considered for ground-mounted solar farms, including several Nationally Significant Infrastructure Projects (NSIPs). These schemes would industrialise Norfolk's countryside for generations.

This exhibition brings the issue to life with:

- Interactive maps showing the true scale of proposed developments
- Local case studies from campaign groups across Norfolk
- Research from SolarQ and CPRE revealing how Net Zero can be achieved through rooftop, car park and brownfield solar
- Video presentations by: Professor David Rogers (SolarQ), and CPRE Norfolk visualising what mega solar could mean for Norfolk's landscapes

You'll also have the chance to meet local campaign groups, discover how communities are working together to oppose mega solar and champion

Renewables Done Well, and share your own views on the future of Norfolk's countryside.

Event details

Date: Thursday 20 November 2025

Time: 2.00pm - 8.00pm (drop in any time)

Place: Dereham Memorial Hall, Theatre Street, Dereham, NR19 2EN

Cost: FREE entry - open to all and everyone welcome

Why visit?

Whether you're a resident, councillor, landowner, or simply care about Norfolk's future, this exhibition offers a unique opportunity to see the facts, explore the alternatives, and find out how to make your voice heard.

Together, we can protect Norfolk's landscapes, wildlife, and farmland – by supporting ***Renewables Done Well***.

To find out more please RSVP to this email or follow us on social media for updates.

We look forward to welcoming you
